A MESSAGE FROM OUR COMPANY

This book is published as a reference guide to county farmland ownership. The men and women of our company, both in the advertising sales department and the map and directory branch, have spent months in your county soliciting advertisements, preparing up-to-date maps and compiling and arranging the directory information. All the enclosed data was compiled from the Official Public Records at your County Court House and elsewhere. Due to the continual sales and transfers of property, it is almost impossible to guarantee 100% accuracy. However, painstaking effort has been made to make this new Plat Book and Index of Owners the finest yet produced in your county. We do not accept any responsibility for omissions or errors. If you notice any omissions or errors in this, your County Plat Book and Index of Owners, please let our office know so that we may correct our records.

We wish to acknowledge the wholehearted, sincere assistance received from your County Officials and the excellent participation of the businessmen throughout the county. It was their cooperation and support that has made your County Plat Book and Index of Owners possible.

A word of advice regarding property:

nothing is more important than getting CLEAR TITLE to the land on which it stands.

To help be certain that the title is clear and protected from most attacks or claims arising out of the past . . . . have the title insured by CHICAGO TITLE INSURANCE COMPANY. It is the company with nation-wide operating experience . . . . plus offices and agents throughout the country with local staffs who are completely familiar with local real estate practices.

DON'T TAKE A CHANCE.....
INSIST THAT CHICAGO TITLE INSURANCE COMPANY INSURE THE TITLE

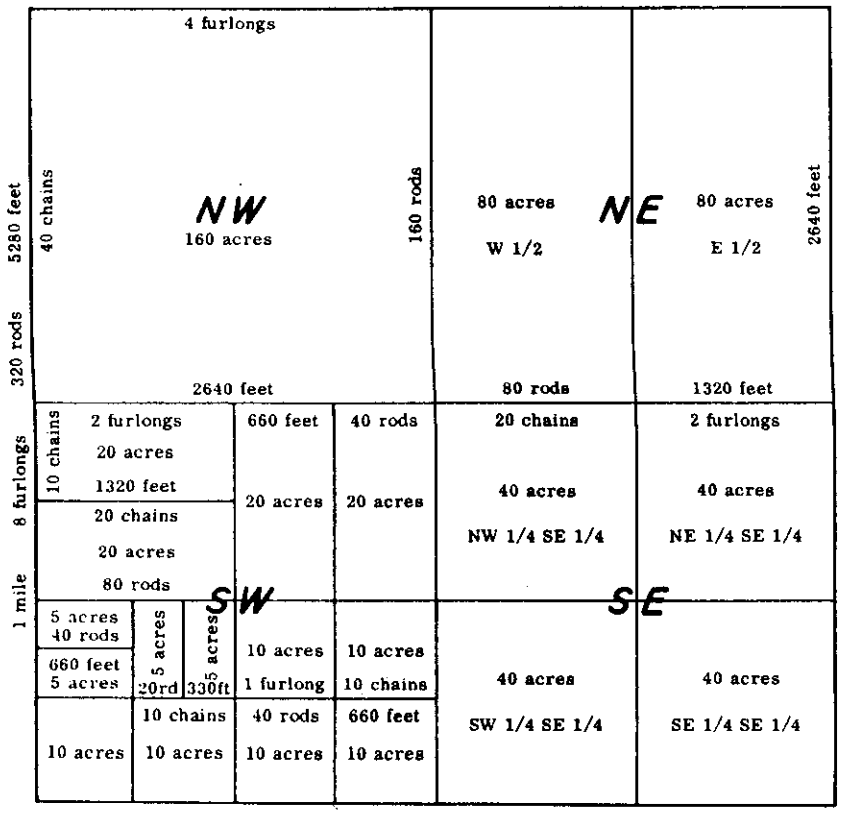
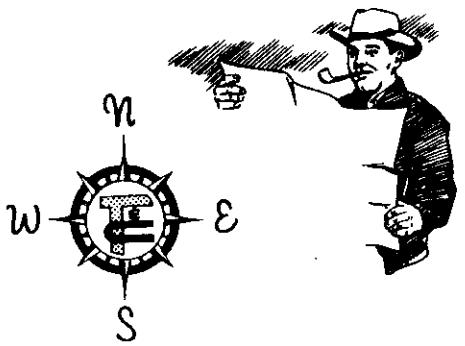
ANALYSIS OF A SECTION OF LAND





A rod is 16½ feet.

A chain is 66 feet, or 4 rods, and contains 100 links, each 7.92 inches in length.

A mile is 320 rods, 80 chains, or 5280 feet.

A square rod is 272½ square feet.

An acre contains 43,560 square feet, or 160 square rods.

An acre is 8 rods wide by 20 rods long, or any two numbers of rods whose product is 160.

A township is 36 sections, each a mile square.

The sections in a township are all numbered, beginning in the northeast corner.
