Re: U.G. Mitchner Drain, Setters Run #293 Arm

Upon review of the U.G. Mitchner Drain watershed area, I believe that the Setters Run Drain should be made an arm to the U.G. Mitchner Drain, as the Setters Run Drain discharges to the U.G. Mitchner Drain. This would eliminate the double maintenance assessment on these tracts currently assessed for both the Setters Run Drain and the U.G. Mitchner Drain.

The Setters Run Drain was created per my report dated April 18, 1996 and approved by the Board at a hearing on July 22, 1996 (See Drainage Board Minute Book #4, pages 266 to 267). At present the Setters Run Drain maintenance assessment affects 51.59 acres and 177 lots. The rates of assessment for the drain are set at \$5.00 per acre with a \$15.00 minimum. This rate collects \$3,081.36 annually and the balance within the fund is \$7,159.95. There are no outstanding work orders for this drain at this time.

The following maintenance assessments shall be set for the U.G. Mitchner Drain:

1. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$12,847.70.

The current balance of the Setters Run Drain shall be kept separate and these funds expended for needed maintenance on the Setters Run Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the U.G. Mitchner Drain maintenance fund.

Future assessments for the drainage area of the Setters Run Drain will be made into the U.G. Mitchner Drain maintenance fund. No further maintenance collections for the Setters Run Drain shall be made after 2013 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for June 24, 2013.

Sincerely,
