To: Hamilton County Drainage Board

Re: Ream Creek Drain, College Hills/Marwood Trails Assessment Area

Attached is a drain map, drainage shed map and schedule of assessments for maintenance of the Ream Creek Drain. This portion of the drain is located in Clay Township north of I-465.

At this time I recommend to the Board that the area between the Clara Knotts watershed on the west and Ream Creek Monon Trail assessment area on the east, from I-465 on the south, and the Home Place watershed on the north be assessed to the Ream Creek Drain. This area is comprised mainly of platted and non-platted residential tracts, along with roads and one commercial tract. These tracts drain into Ream Creek Drain, which became regulated drain per my report dated May 12, 2003, which was approved by the Board at hearing on June 23, 2003. (See Hamilton County Drainage Board Minutes Book 7, pages 79 to 82).

I have reviewed the drain map and believe, as set out in IC 36-9-27-69(b) (1) that all tracts within the drainage shed of the Ream Creek Drain will benefit. The following maintenance assessments have been adopted by the Board:

1. Maintenance assessment for roads and streets be set at \$10.00 per acre with a \$50.00 minimum.
2. Maintenance assessment for agricultural tracts and golf course be set at \$5.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts be set at \$5.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts to be set at \$10.00 per acre with a \$75.00 minimum.

5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain (those systems maintained by the City of Carmel) shall be set at \$35.00 per lot - \$35.00 minimum. Commons areas within subdivisions whose drainage systems will not be part of the regulated drain (those systems maintained by the City of Carmel) shall be set at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$10.00 per acre with a \$65.00 minimum. Common areas within regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

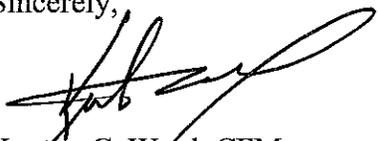

The annual maintenance collection for this portion of the Ream Creek Drainage Shed will be \$4,201.90. Collections for the proposed assessment will begin in May 2014.

The initial rates were established for the Ream Creek Drain per my report dated May 12, 2003. Hearing for this report was heard on June 23, 2003, at which time the Board approved the rates of assessment (See Hamilton County Drainage Board Minutes Book 7, Pages 79 to 82). The minimum rate for commercial, institutional, and multi-family were increased per my report dated March 3, 2006, and approved by the Board at a hearing on May 22, 2006 (See Hamilton County Drainage Board Minutes Book 9, Pages 213 to 214). The minimum rate for regulated drain subdivision and the unregulated drain subdivision were increased per my report dated August 22, 2012, and approved by the Board at a hearing on October 22, 2012 (See Hamilton County Drainage Board Minutes Book 14, pages 346 to 347).

This drain has been classified as an urban drain under IC 36-9-27-67 per my report dated May 12, 2003.

I recommend that the Board set a hearing for this proposed maintenance for May 28, 2013.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor
