Re: Little Cicero Creek Drain

Attached is a petition filed by Beck Family Limited Partnership to regulate a portion of Little Cicero Creek located in Adams Township. I have reviewed the submittals and have found each to be in proper form.

I have made a personal inspection of the land described in the petition. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway, and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch      432 feet

The total length of the drain will be 432 feet.

The open ditch listed above is that portion of the existing Little Cicero Creek which flows through the Beck tract and the right of way for 276<sup>th</sup> Street. The drain begins at a point on the west property line for the Beck tract, 01-01-13-00-00-003.000 and runs thence downstream to a point on the north right of way line for 276<sup>th</sup> Street.

Maintenance assessments are not proposed at this time. Assessments will be determined at a later date.

The easement for the drain shall be 75 feet as measured from the top of bank on each side of the open ditch per IC 36-9-27-33. The easement shall be within the right of way for 276<sup>th</sup> Street and tract 01-01-13-00-00-003.000

I recommend the Board set a hearing for this proposed drain for January 28, 2013.

Sincerely,

Kenton C. Ward, CFM
