Re: Mallery-Granger Drain, North Arm, 209th and Hague Road Roundabout Project Reconstruction

Attached are petition from the Hamilton County Commissioners and plans for the reconstruction of the Mallery-Granger Drain North Arm. The petition involves the reconstruction of a portion of the drain in the 209th street (a.k.a., Carrigan Road) and Hague Road right-of-way owned by Hamilton County and the City of Noblesville per the Road Plans for 'Roundabout Construction of Carrigan Road / Hague Road, by USI Consultants, Project No 1297562.

Per the above mentioned plans, the upstream end of this reconstruction begins at manhole Str. 20 near the new southwest side of the intersection, and includes 212' feet of pipe to where the pipe outlets into the open ditch on the east side of the roundabout.

This reconstruction consists of the following:

212' of 44" x 27" Elliptical RCP

The newly installed drain has a length of 212'.

This project replaces approximately 104' of open drain. As constructed per my report dated June 7, 1999 and approved by the Board on June 28, 1999 (see Hamilton County Drainage Board Minutes Book 5, pages 169-172). This project adds 108' to the footage of the drain's total length. Prior to this reconstruction, Station 0+00 was located near the previous east right-of-way line. This roundabout project has expanded the right-of-way at this location. The 1999 drain length reconstructed by this project is approximately 104', which is equivalent to stations 0+00 to 1+04 on the 1999 drain mapping.

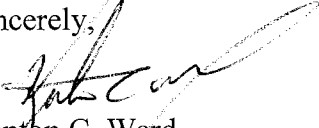

In addition to the reconstruction of the regulated drain, other storm sewers and a detention area were installed as part of the roundabout project that are not part of this drain reconstruction.

The cost of this project has been paid by Hamilton County Highway Department. The petitioner did not submit surety for the proposed drain reconstruction, as this requirement has been waived for the Hamilton County Highway Department.

The new drain installation is within existing regulated drain easement within road right-of-way. Therefore, no additional easement is required.

A hearing for this petition should be set for February 26, 2018.

Sincerely,

Kenton C. Ward
Hamilton County Surveyor

KCW/stc

Mallery-Granger, North Arm

209th & Hague Road Round-about Project

Petition to reconstruct drain in the 209th (Carrigan Rd) & Hague Rd R/W owned by Hamilton Co. & City of Noblesville.

Replacing 104' of open ditch with 212' of Elliptical RCP.

Project adds 108' to the footage of the drain's total length.

Damages are set at \$0.00. The new drain is within existing regulated drain easement within road right-of-way.

* The cost of the project has been paid by Hamilton Co. Highway Dept.

**No change in current maintenance assessment rates.

HAMILTON COUNTY DRAINAGE BOARD
NOBLESVILLE, INDIANA

IN RE: Mallery Granger Drain)
Hamilton County, Indiana)

PETITION FOR RELOCATION AND RECONSTRUCTION

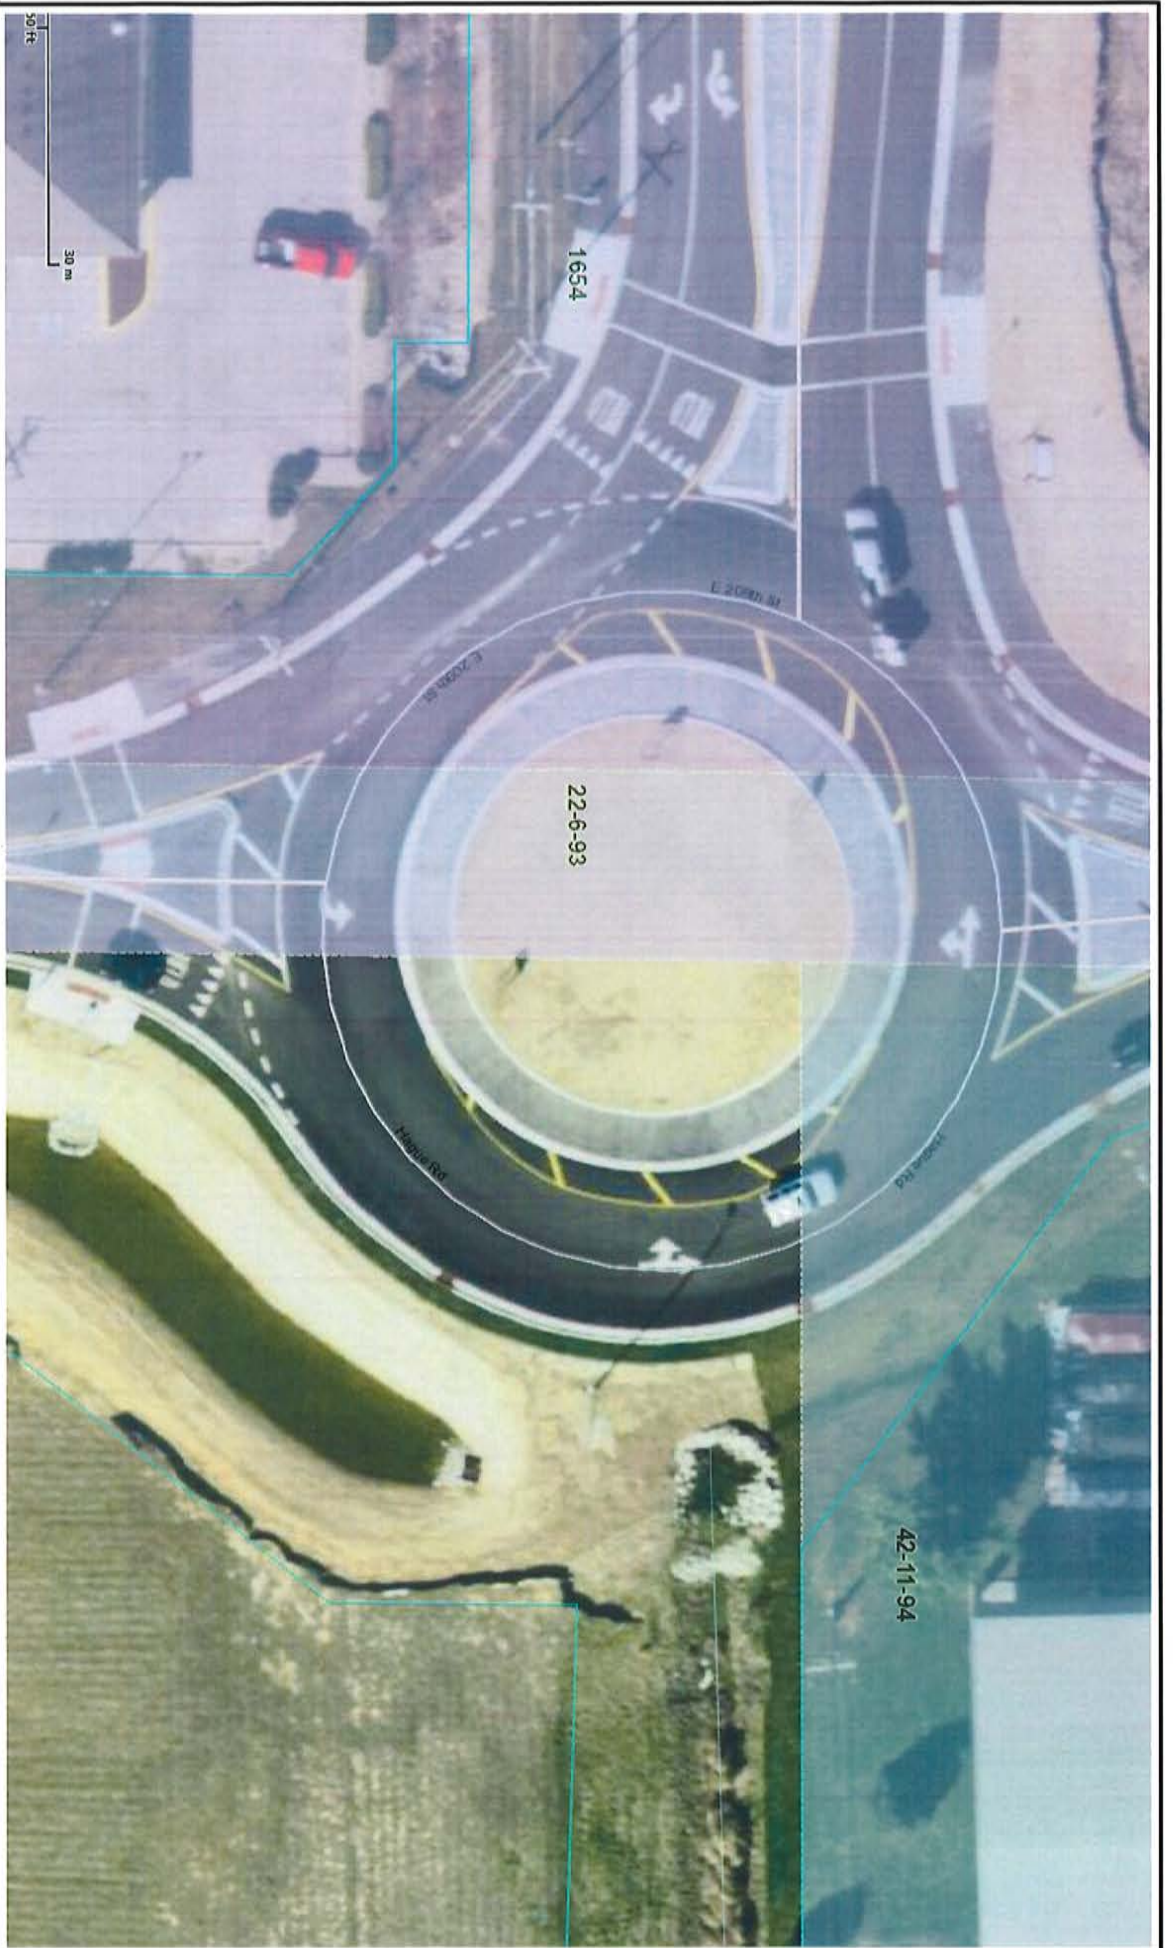

Hamilton County Board of Commissioners (hereinafter "Petitioner"),
hereby petitions the Hamilton County Drainage Board for authority to relocate and improve a
section of the Mallery Granger Drain, and in support of
said petition advises the Board that:

1. Petitioner owns real estate through which a portion of the Mallery Granger Drain runs.
2. Petitioner plans to develop its real estate with roads, buildings, utilities, storm drains, sanitary sewers and other structures.
3. Petitioner's proposed development of its real estate will require relocation and reconstruction of a portion of the Mallery Granger Drain, as specifically shown on engineering plans and specifications filed with the Hamilton County Surveyor.
4. The work necessary for the proposed relocation and reconstruction will be undertaken at the sole expense of the Petitioner and such work will result in substantial improvement to the Mallery Granger Drain, without cost to other property owners on the watershed of the Mallery Granger Drain.
5. Proposed relocation and reconstruction will not adversely affect other land owners within the drainage shed.
6. Petitioner requests approval of the proposed relocation and reconstruction under IC 36-9-27-52.5.

WHEREFORE, Petitioner requests that an Order issued from the Hamilton County Drainage Board authorizing relocation and reconstruction of the Mallery Granger Drain, in conformance with applicable law and plans and specifications on file with the Hamilton County Surveyor.
