TO: Hamilton County Drainage Board

RE: Raymond Briles Drain, Hittle Arm

Attached is a drain map for the Hittle Arm to the Raymond Briles Drain. This proposed drain is located in Jackson Township.

This Arm was petitioned for by Jeremy S. Hittle on August 5, 2011. The Arm is a partial extension of the Raymond Briles Drain as mentioned in my Classification Report to the Board dated February 15, 2011 and approved by the Board on February 28, 2011 (See Hamilton County Drainage Board Minutes Book 13, pages 284-291).

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch – 185 feet

The Hittle Arm of the Raymond Briles Drain shall begin at the west line of Lot #3 of the Hittle Family Minor Subdivision (Tract 03-06-08-00-00-045.201) approximately 92 feet south of the north corner of said lot. Thence shall run downstream in the existing channel in a generally southeasterly direction approximately 185 feet and terminating into the Isaac Jones Drain.

The nature of future maintenance work required is as follows:

1. Bank erosion protection and/or seeding as might be required;
2. Removal of debris and/or blockages from existing open drain;
3. Removal of beaver dams;
4. Any other repairs necessary to restore proper flow to the open ditch.

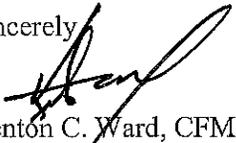

The frequency with which future maintenance work should be performed is annually as required by the condition of the drain.

The easement for the drain shall be that as set out on the secondary plat for the Hittle Family Minor Subdivision as recorded in the office of the Hamilton County Recorder as instrument number 2011038173 and the portion of the drain which is within the right of way for Anthony Road owned by the Hamilton County Commissioners. This right of way is recorded in the office of the Hamilton County Recorder as instrument number 200622740.

I believe that no damages will result to landowners by the regulating of this drain.

I recommend the Board set a hearing for this Arm for June 25, 2012.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

Re: In the matter of the Raymond Briles Drain Petition

Comes now the undersigned individuals, who petition the Hamilton County Drainage Board, per IC 36-9-27-54, for a new regulated drain. The undersigned believe the following:

1. They are owners of ten percent (10%) in acreage; or twenty five percent (25%) or more of the assessed valuation of the land that is outside the corporate boundaries of a municipality and is alleged by the petition to be affected by the proposed drain.
2. That as property owners within the drainage shed, they are qualified petitioners.
3. That they now desire that a regulated drain be established in Jackson Township, which involves the following public roads; Anthony Road and various areas surrounding these roads in the drainage shed.
4. The names and address of each owner affected by the proposed public drainage are attached hereto, made a part hereof, and marked Exhibit "A", which area of land involved in the proposed drainage area is located in section 8, township 19 north, range 4 east, Hamilton County, Indiana.
5. No other public lands or owners are located in the area which would affect improvement.
6. That the general route of the proposed drain is shown in the attached plan which is marked Exhibit "B" and made a part hereof.
7. That in the opinion of the Petitioner, the costs, damages, and expenses of the proposed improvement will be less than the benefits which will result to the owners of the land to be benefited thereby.
8. That in the opinion of the Petitioner, the proposed improvement will improve the public health; benefit a public highway; and be of public utility.
9. That the name of the attorney or spokesman representing petitioner in the drainage petition is _____, who has an office at or whose address is _____, phone _____.
10. That Petitioners shall pay all the cost of notice and all legal costs if the petition is dismissed. These costs include but are not limited to engineering, appraisals, surveying and other costs associated with the proposed drain.
11. Petitioners shall post a bond, if required, to pay the cost of notice and all legal costs in the case the improvement is not established. These costs include but are not limited to engineering, appraisals, surveying and other costs associated with the proposed drain.
