To: Hamilton County Drainage Board

Re: John Osborne Drain, Bridlebourne Reconstruction

Attached are plans, specifications and drain map for the reconstruction of the Bridlebourne Drain. This drain is located in Clay Township, more specific on the east side of Shelborne Road between 106<sup>th</sup> and 116<sup>th</sup> Streets.

The Bridlebourne Drain was established as an arm to the John Osborne Drain by the Board through a petition by the developer. My report to the Board for sections 2 and 3 dated January 7, 1988 was approved by the Board at hearing on February 8, 1988 (see Hamilton County Drainage Board Minutes Book 2, pages 254 – 255). The portion across Section 5 was included in my report dated February 21, 1989 for Larkspur Drain, Section 1 which was approved by the Board at hearing on April 24, 1989 (see Hamilton County Drainage Board Minutes Book 2, page 357). The remainder of the drain is covered in my report for the John Osborne Drain dated December 22, 1994 which was approved by the Board at hearing on February 27, 1995 (see Hamilton County Drainage Board Minutes Book 4, pages 72-75).

Over the period of time that Larkspur and Bridlebourne have been completed, this office has had many complaints regarding high water. Because of the complaints the Board contracted American Consulting, Inc. (now American Structurepoint, Inc.) at the meeting on August 23, 2004 through a RFP process (see Hamilton County Drainage Board Minutes Book 7, page 549). Three options were submitted to this office for review on April 18, 2005. Those options were as follows:

1. Drop north pond by 1.64 feet, drop south pond by 0.5 feet, add 27 inch pipe between ponds.
2. Drop north pond by 0.5 feet, drop south pond by 0.5 feet, add 27 inch pipe between ponds.
3. Drop north pond by 0.5 feet, drop south pond by 0.5 feet, add 27 inch pipe between ponds and add a third pond.

Upon review and discussion it was decided in correspondence dated October 6, 2006 to utilize Option 2. During the course of developing the plans it was found that the Panhandle Pipeline prohibited the placement of the 27 inch pipe between ponds. Therefore, the plan was modified. The final plans were filed in this office on March 1, 2007. The plans call for the following improvements:

1. The existing 24" RCP between the north inlet on Hintocks Circle and the Larkspur pond to be removed and replaced with a 30" RCP.
2. The normal pool elevation for the Bridlebourne north pond (Pond 1) to be lowered 1.3 feet below the current normal pool elevation.
3. The existing 12" RCP between the Bridlebourne north pond (Pond 1) and the south inlet on Hintock Circle to be removed and replaced with a 24" RCP.
4. The normal pool elevation for the Bridlebourne south pond (Pond 2) to be lowered 1.0 feet below the current normal pool elevation.
5. The current 18" RCP outlet pipe for the Bridlebourne south pond (Pond 2) to be removed and replaced with an 18" PVC pipe.
6. The current outlet channel between the Bridlebourne south pond (Pond 2) and Sedgemoor Circle Road will be cleared of large woody vegetation and regraded as needed.

The above improvements are outlined in the report submitted by American Structurepoint dated February 22, 2007 and the accompanying plans dated February 28, 2007. The cost estimate prepared by American Structurepoint dated February 22, 2007 for this work is as follows:

<u>Description</u>	<u>Unit</u>	<u>Quantity</u>	<u>Unit Price</u>	<u>Total</u>
1. Mobilization, Demobilization	LS	1	\$8,100.00	\$8,100.00
2. Clearing & Grubbing	LS	1	\$5,000.00	\$5,000.00
3. Tree Removal	LS	1	\$7,000.00	\$7,000.00
4. Utility Coordination	LS	1	\$10,000.00	\$10,000.00
5. Pond Dewatering	LS	1	\$17,000.00	\$17,000.00
6. Curb Removal	LFT	58	\$15.00	\$870.00
7. Pipe Removal	LFT	515	\$25.00	\$12,875.00
8. Storm Structure Removal	Each	4	\$700.00	\$2,800.00
9. Paver Salvage & Replacement	SYD	78	\$200.00	\$15,600.00
10. Salvage & Reuse Casting	Each	4	\$200.00	\$800.00
11. Common Excavation	CYD	70	\$12.00	\$840.00
12. Granular Backfill	CYD	73	\$15.00	\$1,100.00
13. Concrete Curb	LFT	58	\$20.00	\$1,160.00
14. Concrete Encasement	Each	2	\$1,000.00	\$2,000.00
15. 60-Inch Diameter Manhole	Each	2	\$5,500.00	\$11,000.00
16. 48-Inch Diameter Manhole	Each	2	\$4,500.00	\$9,000.00
17. 30-Inch RCP Pipe	LFT	151	\$85.00	\$12,835.00
18. 24-Inch RCP Pipe	LFT	341	\$75.00	\$25,575.00
19. 18-Inch Double Wall PVC Pipe	LFT	140	\$45.00	\$6,300.00
20. Core & Patch Existing Manhole	Each	1	\$1,200.00	\$1,200.00

21. End Section	Each	2	\$600.00	\$1,200.00
22. Rip-Rap	SYD	50	\$60.00	\$3,000.00
23. Erosion Control	LS	1	\$6,000.00	\$6,000.00
24. Seeding	SYD	2,050	\$1.50	\$3,075.00
25. Maintenance of Traffic	LS	1	\$5,000.00	\$5,000.00
Contingency			15%	\$25,400.00
Grand Total				\$194,730.00

The work shall be conducted in existing platted easements for Larkspur and Bridlebourne. Those easements are shown on the following secondary plats:

- Larkspur Phase 1 Instrument Number 8905082
- Bridlebourne Section 2 Instrument Number 8742244
- Bridlebourne Section 3 Instrument Number 8804920
- Bridlebourne Section 5 Instrument Number 9026131
- Bridlebourne Section 6 Instrument Number 9134257

The above listed secondary plats are on file in the office of the Hamilton County Recorder.

The following lots will be affected with the removal and replacement of pipe and the clearing and regrading of the open ditch:

<u>Owner</u>	<u>Lot</u>	<u>Parcel Number</u>
Larkspur HOA	Common Area A	17-13-05-00-06-009.000
Bridlebourne HOA	Common Area G	17-13-05-00-08-015.000
Yagnesh & Vibhu Patel	Lot 16	17-13-05-00-07-011.000
Kenneth W. & Peggy A. Beckley	Lot 17	17-13-05-00-07-012.000
James S. & Mary B. Adams	Lot 61	17-13-05-00-04-012.000
William F. Conour	Lot 62	17-13-05-00-04-011.000
William F. Conour	Pt. Lot 63	17-13-05-00-02-003.001

Since the submission of the 2007 report the area of southwest Clay has been annexed into the City of Carmel. Prior to this time Carmel passed Ordinance C-263 which annexed Southwest Clay on November 24, 2004. This was remonstrated against in Hamilton County Superior Court, Cause No. 29D03-0502-MI-188. After the filing negotiations between the residents of Southwest Clay and the City of Carmel produced a settlement agreement dated September 6, 2005. This agreement is attached as Exhibit B to the annexation ordinance, Ordinance No. C-263-A which was passed on October 7, 2005, Instrument No. 200500011849. In this agreement the drainage problems associated with Bridlebourne and Larkspur are set out as items to be addressed with the annexation. The project is mentioned in the Southwest Clay Township Annexation Master Drainage Plan dated July 20, 2009. This plan was prepared for the City of Carmel by Cross Roads Engineers, Inc. In that plan the proposed project for Bridlebourne / Larkspur is considered a first level priority.

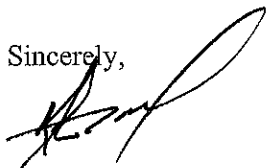

On February 8, 2011 the City of Carmel passed a bond issue with the Bridlebourne / Larkspur project, Interlocal Agreement C-266-11, Instrument No. 2011012198, that included in the funding package. On November 8, 2010 the Hamilton County Drainage Board approved an Interlocal Agreement for the construction by the Drainage Board of the improvements with the funding for the improvements to come from Carmel. On February 7, 2011 this agreement was approved by the City of Carmel.

Therefore, the funding of the proposed reconstruction project will be provided by the City of Carmel. Property Owners within the drainage shed will not be assessed for the reconstruction. The current maintenance assessments will not change with this proposal. No damages will result to property owners by the work, therefore, all damages shall be set at \$0.00.

No state or federal permits are required for this reconstruction.

I recommend that this item be set for hearing for May 23, 2011.

Sincerely,

Kenton C. Ward, CFM  
Hamilton County Surveyor

KCW/ilm

**John Osborn Drain #162**

Reconstruction in Larkspur & Bridlebourne Subd.

Hearing: 05/23/11

\*No change in current maintenance assessment.

\*Cost Estimate is \$194,730 & is to be paid by City of Carmel.
