To: Hamilton County Drainage Board

Re: Williams Creek Drainage Area, Stultz and Almond Arm

Upon review of the Williams Creek Drainage Area, I believe that the Stultz and Almond Drain #45 should be made an arm to the Williams Creek Drainage Area as the Stultz and Almond Drain is a tributary to the Williams Creek Drain. This would also avoid a double or triple assessment on the tracts currently assessed for the Stultz and Almond Drain when the remainder of the Williams Creek Drain is assessed for maintenance.

The Thomas A Stultz Drain was created by the Hamilton County Drainage Commissioners on November 20, 1884 (See Order Book 10, Pages 578). The Stultz Drain was partially reconstructed by the Anson Almond Drain in 1923 to become the Stultz and Almond Drain. The Stultz and Almond Drain was placed on maintenance by the Hamilton County Drainage Board per the Surveyor's report and approved by the Board on April 5, 1971 (See Drainage Board Minutes Book 1, Page 67). At present the Stultz and Almond Drain maintenance assessment affects 498.83 acres and 351 lots. The rate of assessment for the drain is set at \$1.00 per acre, with a \$5.00 minimum, and \$5.00 per lot for agricultural tracts, non-platted residential tracts, and non-regulated subdivisions. The rate of assessment for the regulated subdivisions is set at \$10 per acres, with a \$30 minimum. Roads are assessed at \$10 per acre. This rate collects \$12,834.34 annually and the balance within the fund is \$58,496.30. There is 1(one) outstanding work order for this drain at this time.

The current maintenance assessments, as per the existing rates set for the Williams Creek Drainage Area are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.

2. Maintenance assessment for agricultural tracts are set at \$3.00 per acre with a \$15.00 minimum.
3. Maintenance assessment for non-platted residential tracts are set at \$3.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

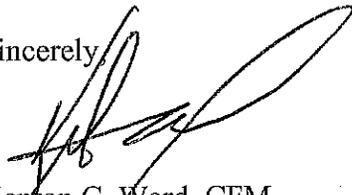

The total annual assessment for this arm will be \$28,116.86.

The current balance of the Stultz and Almond Drain shall be kept separate and these funds expended for needed maintenance on the Stultz and Almond Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Williams Creek Drainage Area fund.

Future assessments for the drainage area of the Stultz and Almond Drain will be made into the Williams Creek Drainage Area fund. No further maintenance collections for the Stultz and Almond Drain shall be made after 2011 other than any delinquent assessments, penalties or interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for July 25, 2011.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

Williams Creek #315
Stultz & Almond #45 Arm
 Hearing: 07/25/11

Period of collection for maintenance is until fund is 8 * the annual assessment.
