To: Hamilton County Drainage Board

Re: Williams Creek Drainage Area, Springmill Streams Arm

Upon review of the Williams Creek Drainage Area, I believe that the Springmill Streams Drain #159 should be made an arm to the Williams Creek Drainage Area as the Springmill Streams Drain is a tributary to the Williams Creek Drain. This would also avoid a double assessment on the tracts currently assessed for the Springmill Streams Drain when the remainder of the Williams Creek (Charles Osborn & JR Collins #2) Drain is assessed for maintenance.

The Springmill Streams Drain was created by the Hamilton County Drainage Board per the Surveyor's report dated September 2, 1982 and approved by the Board on November 1, 1982 (See Drainage Board Minutes Book 1, Page 501). At present the Springmill Streams Drain maintenance assessment affects 97.18 acres and 301 lots. The rate of assessment for the drain is set at \$2.00 per acre for common areas and roads, with a \$20.00 minimum, and \$20.00 per lot. This rate collects \$6,328.64 annually and the balance within the fund is \$19,683.71. There is one outstanding work order for this drain at this time.

Williams Creek, Elliot Creek, and Stultz and Almond Drain run through this subdivision. These drains are included with the maintenance of the subdivision drainage facilities.

The current maintenance assessments, as per the existing rates set for the Williams Creek Drainage Area are as follows:

1. Maintenance assessment for roads and streets are set at \$10.00 per acre.
2. Maintenance assessment for agricultural tracts are set at \$3.00 per acre with a \$15.00 minimum.

3. Maintenance assessment for non-platted residential tracts are set at \$3.00 per acre with a \$15.00 minimum.
4. Maintenance assessment for commercial, institutional and multi-family residential tracts are set at \$10.00 per acre with a \$75.00 minimum.
5. Maintenance assessment for platted lots in subdivisions whose drainage systems will not be part of the regulated drain shall be set at \$35.00 per lot/minimum. Common areas within non-regulated drain subdivisions shall be assessed at \$5.00 per acre with a \$35.00 minimum.
6. Maintenance assessment for platted lots within subdivisions whose drainage system will be part of the regulated drain shall be set at \$65.00 per lot/minimum. Common areas within the regulated drain subdivisions shall be set at \$10.00 per acre with a \$65.00 minimum.

The total annual assessment for this arm will be \$20,878.20.

The current balance of the Springmill Streams Drain shall be kept separate and these funds expended for needed maintenance on the Springmill Streams Drain. This shall be done until the funds are exhausted. At that time funding for repairs shall then be taken from the Williams Creek Drainage Area fund.

Future assessments for the drainage area of the Springmill Streams Drain will be made into the Williams Creek Drainage Area fund. No further maintenance collections for the Springmill Streams Drain shall be made after 2011 other than any delinquent assessment penalties and interest which remain unpaid.

I recommend that the Board set a hearing for this consolidation for August 22, 2011.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

Williams Creek #315

Springmill Streams Arm (Was #159)

Hearing: 08/22/11

Rate was \$2/Ac, \$20/Min

All parcels are assessed as Regulated Subd except the roads.
