To: Hamilton County Drainage Board

Re: Vermillion Drain, The Woods at Vermillion, Sec. 3 Arm

Attached is a petition filed by North Connecticut Development Corporation (Republic Development), along with a non-enforcement request, plans, calculations, quantity summary and assessment roll for the Vermillion Drain, The Woods at Vermillion, Sec. 3 Arm to be located in Fall Creek Township. I have reviewed the submittals and petition and have found each to be in proper form.

I have made a personal inspection of the land described in the petition. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway, and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. As per the plans by Weihe Engineers, Project No. W150253-3, the drain will consist of the following:

12" RCP	677 ft.	21" RCP	20 ft.
15" RCP	359 ft.	24" RCP	486 ft.
18" RCP	20 ft.	6" SSD	1,918 ft.
		Open (pond)	70 ft.

The total length of the drain will be 3,550 feet.

The subsurface drains (SSD) to be part of the regulated drain are those located under the curbs and those main lines in rear yards. Only the main SSD lines which are located within the easement or right of way are to be maintained as regulated drain. Laterals for individual lots will not be considered part of the regulated drain.

I have reviewed the plans and believe the drain will benefit each lot equally. Therefore, I recommend each lot be assessed equally. I also believe that no damages will result to landowners by the construction of this drain. I recommend a maintenance assessment of \$65.00 per platted lot, \$10.00 per acre for common areas, with a \$65.00 minimum, and \$10.00 per acre for roadways. With this assessment the total annual assessment for this drain for Section 3 will be \$1,267.40.

The detention pond (wet pond #15 located in Common Area "A") is to be considered part of the regulated drain. This is consistent with the ponds in other Vermillion sections. The maintenance of the pond shall include the inlet and outlet as part of the regulated drain. The maintenance of the pond such as sediment removal, and erosion control along the banks, mowing and aquatic vegetation control will be the responsibility of the Homeowners Association. The Board will also retain jurisdiction for ensuring the storage volume for which the pond was designed will be retained, thereby, allowing no fill or easement encroachments. The open drain length of 70 for the pond is the distance measured between str.

The petitioner has submitted surety for the proposed drain at this time. The sureties which are in the form of Letters of Credit from the developer are as follows:

Agent: Standard Financial Corporation
Date: February 23, 2018
Number: 1313WVRM3
For: Storm Sewers
Amount: \$174,894.90
HCDB-2018-0008

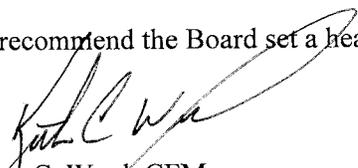

Agent: Standard Financial Corporation
Date: February 23, 2018
Number: 1314WVRM3
For: Erosion Control
Amount: \$40,980.48
HCDB-2018-00007

Agent: Standard Financial Corporation
Date: February 23, 2018
Number: 1315WVRM3
For: Monumentation
Amount: \$5,536.80
HCDB-2018-00006

I believe this proposed drain meets the requirements for Urban Drain Classification as set out in IC 36-9-27-67 to 69. Therefore, this drain shall be designated as an Urban Drain.

I recommend that upon approval of the above proposed drain that the Board also approve the attached non-enforcement request. The request will be for the reduction of the regulated drain easement to those easement widths as shown on the secondary plats for The Woods at Vermillion, Sec. 3 as recorded in the office of the Hamilton County Recorder.

I recommend the Board set a hearing for this proposed drain for November 26, 2018.

COUNTY OF HAMILTON)

BEFORE THE HAMILTON COUNTY DRAINAGE BOARD

OFFICE OF HAMILTON COUNTY SURVEYOR

At the request of North Connecticut Development Corp. The Hamilton County Drainage Board considered the extent of the drainage easement on the The Woods @ Vermillion Drain in the The Woods @ Vermillion - Section Three Subdivision. Upon the agreement in writing by the recorded owner(s) of land involved that such owner(s) agree and covenants that neither the Hamilton County Drainage Board nor any Contractor nor Workman operating under the authority of said Board will be held liable for any damages resulting from construction, reconstruction, or maintenance of the above named drain at said location, whether to the real estate or improvements thereon the Board agreed:

- 1. That it will not enforce the easement beyond those shown on the Subdivision plat recorded as Instrument No. 2018044953 and in Plat Cabinet 5 Slide 879 in the Hamilton County Recorders Office.
2. It will not object to the improvement of said real estate beyond such distance, and
3. Other Conditions:

OFFICE OF HAMILTON COUNTY SURVEYOR

TO: HAMILTON COUNTY DRAINAGE BOARD

% Hamilton County Surveyor
One Hamilton County Square, Suite 188
Noblesville, IN. 46060-2230

In the matter of The Woods @ Vermillion Subdivision, Section
 Three Drain Petition.

Petitioner is the owner of all lots in the land affected by the proposed new regulated drain. The drainage will affect various lots in The Woods @ Vermillion-Section Three, a subdivision in Hamilton County, Indiana. The general route of such drainage shall be in existing easements and along public roads as shown in the plans on file in the Surveyor's Office.

Petitioner believes that the cost, damages and expenses of the proposed improvement will be less than the benefits which will result to the owners of the land likely to be benefited thereby. Petitioner believes the proposed improvements will:

- (a) improve public health
- (b) benefit a public street
- (c) be of public utility

Petitioner agrees to pay the cost of construction of the drainage system and requests periodic maintenance assessments by the Board thereafter.

The Petitioner also agrees to the following:

1. To provide the Drainage Board a Performance Bond or Non-Revocable Letter of Credit for the portion of the drainage system which will be made a regulated drain. The bond will be in the amount of 120% of the Engineer's estimate. The bond will be in effect until construction of 100% of the system is completed and so certified by the Engineer.
2. The Petitioner shall retain an Engineer throughout the construction phase. At completion of the project the Petitioner's Engineer shall certify that the drainage system which is to be maintained as a regulated drain has been constructed as per construction plans.
3. The Petitioner agrees to request in writing to the County Surveyor any changes from the approved plan and must receive written authorization from the County Surveyor prior to implementation of the change. All changes shall be documented and given to the Surveyor to be placed in the Drain file.
4. The Petitioner shall instruct his Engineer to provide a reproducible print on a 24" x 36" Mylar of the final design of the Drainage System. This shall be submitted to the County Surveyor prior to the release of the Performance Bond.
5. The Petitioner shall comply with the Erosion Control Plan as specified on the construction plans. Failure to comply with the Erosion Control Plan shall be determined by the Board as being an obstruction to the drainage system. The County Surveyor shall immediately install or repair the needed measures at Petitioners cost as per IC 36-9-27-46.

The Petitioner further requests that the Drain be classified as an Urban Drain as per IC 36-9-27-69(d).
