

## Governor Holcomb's "Back on Track" Guideline Summary

5/7/2020

## Principles to Get Back on Track

1

Number of hospitalized COVID-19 patients has continually decreased for 14 days

2

Surge capacity has been retained for critical care beds and ventilators to ensure that medical infrastructure can meet temporary increased demand

3

Ability to test all COVID-19 symptomatic individuals, as well as healthcare and other essential workers, first responders, high-risk patients, and those who are deemed an exposure risk

4

An established mechanism for comprehensive contact tracing is operational
