To: Hamilton County Drainage Board

Re: B.F. Lamberson Drain, State Road 37 Extension

Attached is a drain map, drainage shed map and schedule of assessments for the extension of the B.F. Lamberson Drain. This proposed drain is located in White River Township.

I have made a personal inspection of the land described below. Upon doing so, I believe that the drain is practicable, will improve the public health, benefit a public highway and be of public utility and that the costs, damages and expenses of the proposed drain will probably be less than the benefits accruing to the owners of land likely to be benefited. The drain will consist of the following:

Open Ditch 62 ft.

The total length of the drain will be 62 feet.

The extension will begin at the existing terminus of the Lamberson Drain per the original 1899 drain description and extends west to the west Right of Way line of State Road 37.

The easements for the drain should be set at 75' from top of bank as set out in IC 36-9-27-33.

I recommend that the Board set a hearing for this proposal for June 22, 2020.

Sincerely,

Kenton C. Ward, CFM
Hamilton County Surveyor

KCW/pll

B.F. Lamberson Drain

S.R. 37 Extension

Hearing: 06/22/2020

*No cost for extension. Drain to be accepted in place without reconstruction costs or assessment.

* A maintenance fund will not be established at this time.

Adding 62' of ditch to total length.
