Property Tax Deductions & Credits

Filing tax deductions could result in significant savings even if you do not have a mortgage on your home. In order to be applicable to the next tax bill you must file for the desired tax deductions by December 31st. Once the deductions have been applied for and approved, you will not need to reply unless you refinance your loan, change your deed, get married, or change the use of the property.

Deduction Forms

Deduction Form Search

Enter a parcel number or property address

Welcome! Here you will be able to enter/select your property address, which will then prefill the necessary information to the deduction form you have selected. This intuitive site will lead you through a series of steps necessary to successfully file your deduction application.

Your filing deadline is December 31st, of the current year.

You may search by the following:

- Parcel Number:** a 16 digit number, with or without spaces, dashes & decimals.
- State Parcel Number:** an 18 digit number, with or without spaces, dashes & decimals.
- Property Address:** the house number, without fractions or dashes.*
- Mailing Address:** the house number, without fractions or dashes.*

* If the house number results in too many matches, then add one character at a time. (ie: For 210 Waldon Street, first try 210, then try 210(space), then try 210 w, etc.)

6

Pro Tip: when entering an address, just enter the house number
