*“Where Change is a Choice and
Accountability is a Guarantee”*

Dear Participant:

As a result of a court order, you have been placed in our Electronic Monitoring Level of Supervision. We both share the same goal . . . for you to satisfactorily complete your sentence and return to the community as a responsible and productive citizen. Our Agency operates on the premise that every participant has the potential to achieve that goal. It will not be easy, your time on electronic monitoring will be filled with challenges, but we believe that you can accomplish this or the court would not have placed you in this level of supervision.

During your placement, you can expect personnel to assist in this effort by prioritizing your participation in services that address treatment and education needs identified during the development of your case plan. These services will support you and increase the likelihood of you successfully completing your sentence. This level of supervision has many rules and guidelines, all of which are designed to guarantee accountability and encourage a change in unacceptable behavior. Our expectation is that you attend all of the required treatment and education programs, that you abide by the rules and guidelines, and that you demonstrate the desire and put forth the effort required to change your behavior.

The following material, along with the behavioral contract, outlines the rules, guidelines and behavior that are expected of you. Our personnel will explain the following information to you during the admission process, and you are encouraged to ask questions. It is recommended that you keep this material and review it carefully.

If there are any questions, do not hesitate to contact a member of our Agency.

Respectfully,

Ralph B. Watson
Executive Director

FINANCIAL RESPONSIBILITIES

Participant's fees are calculated at the hourly rate they are currently paid at their job. The daily rate is a minimum of \$12 a day, or the hourly rate; whichever is greater. If the participant is paid a salary, the salary will be divided by 52 weeks and then 40 hours per week to determine the hourly rate. Regular urine screens are \$23 per screen and will be added to the participant's account. Additional fees apply for special urine screens and they will be added to the participant's account as well. If the participant should need to move within the county, there will be a charge of \$20. If assigned to an in-house treatment/education program, the participant will be charged a \$20 fee per program. In addition, participants may be assessed a fee of \$150 for a CARE Assessment per state statute. Participants shall pay their weekly fees in the following manner:

1. Fees must be paid weekly during participant check-in.
2. Fees shall be paid by cashier's check, certified check, or money order. Financial transactions, other than fee payments, are not permitted between the participant and agency personnel or volunteers. Cash, personal checks, or credit/debit cards will not be accepted. A receipt will be provided upon payment.
3. If the participant has a fee arrearage, they may be required to sign a pay agreement.
4. Those who are not current paying their fees or with their pay agreement may receive a non-compliance report and may receive disciplinary action and/or be referred to the court and/or Probation Department and removed from Electronic Monitoring.
5. The agency is unable to declare a participant indigent. This can only be done by the sentencing court.

CHECK-IN PROCEDURES

(SUBJECT TO CHANGE WITH FIVE DAYS NOTICE)

1. Each participant is required to report to Hamilton County Community Corrections for a weekly check-in. Participants will be advised by their Field Services Coordinator of the date and time of check-in.
2. Weekly fees will be paid at check-in.
3. Documentation must be turned in during check-in. Documentation includes but is not limited to pay stubs, receipts, prescriptions, Doctor notes, and treatment forms.
4. Participants may be asked to submit to a urine screen, breathalyzer, or search of their person.
5. Upon entering the facility for check-in, participants shall do the following:
 - a. Sign in on the appropriate Field Services Coordinator's sheet.

- b. A schedule is to be completed in military time. The participant should also complete a schedule to take home.
- c. Pay fees to the receptionist via money order or cashier's check.
- d. After completing their schedules, participants will wait in the lobby until called by their Field Services Coordinator.

ELECTRONIC MONITORING FORMS

In order to assist the participant, Hamilton County Community Corrections has several forms to be used to facilitate requests. It is important that the participant use the forms correctly and in the proper manner so that the appropriate person may review the requests.

Participant Schedules:

Participants will submit a weekly schedule to their Field Services Coordinator at check-in. This schedule will include all activities the participant needs time out to complete. The Field Services Coordinator will review the schedule for compliance with Electronic Monitoring policy. Should a schedule be disapproved, the Field Services Coordinator will work with the participant until an approved schedule is completed.

It is important that the participant places all known information on this form. Actual work hours, time leaving from and returning to the place of residence, and travel arrangements shall be placed on this form.

Dental, medical and other personal appointments must be submitted on the weekly schedule. The participant must indicate the name, address and telephone number of the service provider. The participant must be able to provide documentation of attendance to the Field Services Coordinator.

Participants may be given up to two hours per week for grocery shopping and/or laundry at a location approved by their Field Services Coordinator. This privilege is granted, depending on the participant's individual situation.

While working, participants may go to lunch or dinner in the general vicinity of their work location.

Hamilton County Community Corrections will help assist participants in obtaining special release time for emergency situations.

Every effort should be made between the Field Services Coordinator, the participant, and the participant's employer to have the participant's work schedule available on or before the day of check-in. If this is not possible, the participant should complete the schedule as fully as possible. The participant shall contact their Field Services Coordinator with the work schedule as soon as it is available in order to complete that week's schedule. If the Field Services Coordinator is not immediately available, the participant should leave a return phone number with the receptionist. The Field Services Coordinator will return the call when they are available. A schedule is not approved until the Field Services Coordinator and participant speak with each other. The participant shall not

call the emergency pager for a non-emergency schedule change. Participants cannot fax or email their schedule or any schedule changes. Schedules will only be accepted in person. Changes may be accepted over the phone between check-ins.

Understanding that there are unexpected events during the week, the participant may request a schedule change from their coordinator throughout the week. The Field Services Coordinator is the only one that has the authorization to change a participant's schedule. If the Field Services Coordinator is not immediately available, the participant should leave a message for the coordinator to call them back. Leaving a message does not mean that the request has been approved. The Field Services Coordinator will return the call to the participant when available, and the request can be made at that time. The request must be submitted 24 hours prior to the desired change and must be for an unexpected activity.

Restriction Waiver:

This form is used to request additional employment hours over 60 hours a week, 12 hours a day, 6 days a week, or to work more than two jobs. Any requests by a participant should first be discussed with the Field Services Coordinator. This form is used for funeral requests and hospital visits and shall be discussed with, and submitted to, the Field Services Coordinator for these purposes.

Church Application:

The church application form must be completed and submitted at check-in. All information concerning the time and place of the church service and travel arrangements must be included on the form.

The participant's Field Services Coordinator will verify the information with the church listed on the church application form. The participant will not be permitted to attend church services until the information is correct. This application does not serve as verification of attending a church service. The participant will have to provide documentation of attending the church service during their weekly check-in.

Grievance:

A grievance may be submitted by a participant to express concerns regarding an agency policy, facility condition, personnel misconduct, or as a response to access to medical care. A participant may submit a grievance without being subject to any adverse action. In the event that the participant is unable to write, personnel shall make arrangements for the participant to express their grievance. The grievance should be filed on a Participant Grievance form and placed in the "grievance box" located in the lobby.

The Director of Quality and Compliance should respond to the participant in writing within ten business days. The Director of Quality and Compliance's response may be appealed to the Executive Director. Any such appeal must be submitted in writing within five days of receipt of the response from the Director of Quality and Compliance.

Support Group Verification Form:

A participant must have a court order stating that support group meetings are required or have had a substance abuse evaluation and treatment ordered for attendance to be approved. Verification forms are used for documentation of participation in support groups for which the participant's Field Services Coordinator requires documentation. The form must be completed in full, and the participant must have the group leader sign and date the verification form. If the form is not signed or evidence of forgery and/or non-attendance is discovered, the participant may have release time reduced as well as receive a non-compliance.

Support Groups may be scheduled any day of the week; however, no meetings will be approved after 5 pm on Fridays, Saturdays and Sundays. If unemployed, a participant may only attend groups Monday through Friday before 5 pm. There will be no approval of support group meeting attendance on County-observed holidays.

Timesheets:

Timesheets are verification of the participant's work hours. Every working participant must submit a timesheet at each check-in. The participant's Field Services Coordinator compares the times on the timesheets to that of the daily summaries. Timesheets shall be electronic, unless otherwise approved by the Field Service Coordinator, and are required to be signed by a supervisor. If participant's non-electronic timesheet has been approved, a blank Employment Timesheet form may be obtained from the Field Services Coordinator. Write in the start and end times and have a supervisor sign their name and telephone number.

Administrative Hearing Appeal Form:

The participant has the right to appeal the decision of the Hearing Officer in writing, stating the specific reasons for the appeal, within ten working days from the receipt of the decision. All appeals should be submitted using an Appeal form and directed to the Director of Administration.

For an appeal to be considered you MUST demonstrate one of the following:

- 1) You were unable to exercise the right accorded to you as part of the hearing process;
- 2) The hearing officer exceeded the scope of their authority;
- 3) Additional evidence is available that was not at the time of the hearing.

Electronic Monitoring Guidelines

1. Participants must follow the Agency's visitation dress code when reporting to the facility.
2. Participants will only be permitted to work in Hamilton County or any county contiguous to Hamilton County unless a Restriction Waiver is approved granting an exception.
3. Participants must maintain full-time (a minimum of 30 hours per week) employment within ten working days of intake. The sentencing court must approve any exceptions.
4. A search of the participant's person may be conducted at any time.
5. Inappropriate conduct will not be tolerated. Participants are not to touch any agency personnel or other participants for any reason.
6. If a participant destroys County or Agency property, they will be held responsible for its replacement or repair. Criminal charges may be filed.
7. Participants are not permitted in unauthorized areas of the Hamilton County Community Corrections facility.
8. Participants are expected to complete required treatment/educational services. The case plan will be reviewed with the Field Services Coordinator regularly, and participants will be notified of any changes. Monthly progress reports from treatment providers and monthly verification of attendance at support group meetings are required.
9. Participants will be required to carry photo identification on their person at all times and may be required to present this identification in order to gain entrance to the complex and facility.
10. Participants will inform their Field Services Coordinator of any animals at the participant's residence and secure them during field checks.
11. When home, a participant must answer the telephone and door at all times.
12. Participants must follow all safety instructions and wear all protective clothing while performing work details within and outside of the Hamilton County Community Corrections facility.
13. Schedule changes require a minimum 24-hour notice. Lack of planning does not constitute an emergency. Some requests may be denied due to lack of planning or forgetfulness on the participant's part.
14. Participants may contact their Field Services Coordinator by calling the facility. There is no need for repeated calls for messages. The participant's call will be returned as soon as possible. Leaving multiple messages can sometimes cause confusion and may extend the response time.
15. Hamilton County Community Corrections has the right to establish zones in which the participant may or may not travel. If a participant violates an established zone they may be in violation of the electronic monitoring level of supervision.
16. Participants on a transdermal alcohol monitoring device shall not use any personal hygiene or household products that contain alcohol. A list of alcohol-free products shall be available but should not be considered all inclusive.
17. Any contact with law enforcement must be reported to Field Services Coordinator.

TRANSMITTERS AND FITTING

1. The transmitter will not shock the participant.
2. Each transmitter has its own guidelines in regards to charging and whether or not it is waterproof. The Admissions Coordinator will inform the participant of which transmitter will be assigned and those specific guidelines will be reviewed.
3. The transmitter must fit snugly against the leg. There are built-in sensors to indicate if it is properly against the leg.
4. The transmitters vary in size and weight as do the straps. The transmitter used will depend on what monitoring program the participant was assigned by the Court.
5. Do not attempt to remove the strap/ transmitter at any time.

Frequently asked questions about the BI HomeGuard 20/20 electronic monitoring device

After the admissions process and transmitter fitting, a Field Services Coordinator (FSC) will install the device in the participant's home and provide specific instructions.

1. Does this unit need to be charged?

No. The transmitter does not need to be charged. The base station does need to be plugged in to an electrical outlet.

2. Is the BI HomeGuard 20/20 transmitter waterproof?

Yes. This type of transmitter may be submerged while bathing or swimming; however it should not be submerged in anything with a heating element such as a hot tub.

3. What do I do if the power goes out?

The base station has a backup battery. An alert will be generated and the participant will be contacted by their FSC or the on-call FSC with further instructions.

4. Can I go out on my porch/ in my garage, get the mail and/or walk my dog?

No. The expectation is that the participant will remain in the interior portion of the home when the schedule indicates. An alert will be generated if the participant leaves the interior of their home and the participant will be contacted by their FSC or the on-call FSC. These type of events are to take place while the participant is already scheduled out.

5. Can I place anything, like a sock, between my skin and the ankle device? No. Socks should be short or, if long, should be pulled over the device. Placing any type of barrier between the device and the skin may cause the strap to stretch which may cause “tamper” alerts. In the case of an alert being generated, the participant will be contacted by their FSC or the on-call FSC.
